Key findings - this cycle

VERIFICATION CATCH

1 parcel with \$2.4M in defaulted taxes was redeemed 4 weeks ago. The pipeline caught it against the live county tax bill. Every generic list still shows it active. That parcel is out; 104 remain.

BULK DEAL FOUND

1 owner controls 4 contiguous parcels in Oroville (\$116,598 combined). Bay-Area absentee. Owner has unresolved liens, active creditors, 6 total tax defaults. Single-call, 4-parcel opportunity.

RESIDENTIAL FIT

42 parcels (\$1,226,794) sit in the residential fix-and-flip zones (Chico / Paradise / Oroville / Magalia). 19 of 104 owners are out-of-state absentees.

LAND / BURN-SCAR

23 parcels have no situs = raw land or vacant lots. 61 more sit in Camp Fire burn-scar footprint -- rebuild-ready lot potential for land investors.
